Starting from the monumental **Urban Walls** that surround the historic centre of Lucca, through the **majestic historic villas** of the hills to the heterogeneous offering of the **museum network**.

Remember to keep an eye on the calendar for the year-long sparkling **events** programme. From those dedicated to one of the symbols of the territory, Giacomo Puccini, to the modern Lucca Summer Festival without forgetting

Create your own route along **the Via Francigena** or the Via Matildica del Volto Santo; participate in the Festa dell’Aria (Air Festival) or the Marcia delle Ville (Running event). Even the most demanding sportsman will find the territory structurally well equipped to do most outdoor activities.

If you are **travelling for work** and in search of business, keep in mind that the area hosts many conferences, conventions and business opportunities, reference point events of the respective sectors such as MIAC, iT’s Tissue e LuBeC.
